State Spotlights

"Energy efficiency is a key pillar of our innovation and development at GE and critical in today's lighting industry. Our commitment to driving energy savings starts at our GE Lighting world headquarters in East Cleveland and impacts organizations and homes across the country and across the world." – Bill Lacey, CEO GE Lighting

"Cleveland Clinic is firmly committed to reducing our environmental impact through efficient energy management. As a leader in the healthcare industry, we consider it our responsibility to also be a leader in energy conservation and overall sustainability policies and practices. Environmental health and human health are intrinsically linked, and as we become more efficient, we make our region healthier." – Jon Utech, Senior Director, Office for a Healthy Environment, Cleveland Clinic

"Our energy management practices, coupled with our ENERGY STAR participation, have produced very positive results, both for the environment and our business." – Keith Oliver, VP of Engineering, Kroger
